SEQUOIA FILTRATION

COMPANY INTRODUCTION

Dongguang Bowie Filters Co., Ltd. was set up in 2010. We are a professional company engaged in the developing, production and sales of standard and non-standard filters. Our company is located in Dongguan city, Guangdong province, with the area of around 12,000 square meters.

Now we have 14 Paper folding production lines, 9 sets of Injection machines, 5 production lines for Cabin filter, 7 sets of production equipments for Eco Oil & Fuel filters, 2 production lines for PU Air filter, 2 sets of production equipments for Eco Air filter, 2 production lines for HEPA filter, 2 production lines for filter raw materials and a batch of high-end testing equipments. In 2013, our company passed and began to implement ISO9001 and TS16949 quality system certification.

Our main products are Air filters, Air conditioning filters, Eco oil filters, Eco fuel filters, HEPA filters, Purification and dust cleaning filters, and other kinds of non-standard filters. The products are widely used in automobile, construction machinery, generator, air compressor, sweeper, industrial dust cleaning, household cleaning machine, fresh air system and other fields.

After years of efforts and development, now we have more than 3,000 products. The annual production and sales of various filters is about 5 million pieces, which are exported to Europe, North America, Middle East, Southeast Asia, Taiwan and other regions.

In the development of the company, we always adhere to the concept of "people-oriented, integrity and mutual benefit, win-win cooperation", and the quality of products as the survival of the company. We will be strict with ourselves to do better, work together to create a brilliant future with you!
